GENERAL INFORMATION

SALE—SATURDAY, JANUARY 11, 1958 at 12:30 p.m.

LOCATION—Sale will be held in the Spencer Livestock Sales Co. Pavilion, or known as the "North Sale Barn" located 1½ miles North on U. S. Highway 71 from Spencer, Iowa.

TRANSPORTATION—Spencer is on the main line of the Milwaukee Railroad, and good bus lines. Private planes can also land at the Spencer airfield.

TERMS—The terms of this sale are cash. Each animal will be at purchaser's risk as soon as bid off, but will not be delivered until settlement has been made.

HEALTH—All cattle are absolutely healthy in every respect and will have passed the tuberculosis and Bangs disease test within thirty days of the sale. Health certificates will be furnished where required to ship into any state or territory.

REGISTRATION—Certificate of registry with transfers entered and recorded in the buyer's name will be furnished with each cataloged lot sold with the exception of the lots which are designated as unrecorded. An application for registry will be furnished for every calf cataloged as at foot regardless of whether sold with dam or separately, and for every calf carried in dam.

GUARANTEE—Since this is a dispersion sale of 3 complete herds, all cattle will be sold at the end of the halter and no further guarantee will be given. However, all 3 herds are backed by a reputation of good management and regular production. Questionable producers have never been retained in any of the 3 herds. Nearly every cow in the sale either has a calf at foot or shows every evidence of being well forward in calf. Any information on each lot with reference to breeding dates and announcements from the auction block will have precedence over printed information.

The above terms constitute a joint contract between the consignor and the buyer of each lot. Neither the Sale Manager nor the person delegated as Clerk assumes any liability, legal or otherwise.

Although we will use every precaution to provide for the comfort and safety of our guests, all persons who attend this sale do so at their own risk and the owners assume no liability, legal or otherwise, for any accidents that may occur.

MAIL BIDS—Mail or wire bids may be sent to Kenneth Fulk, Sec'y of the American Shorthorn Breeders' Assn., Chicago, Ill.; Ted Aegerter, Seward, Nebr.; Mervin F. Aegerter, Seward, Nebr.; Thos. W. Sherlock, Oxford, Ia.; Albert J. Hamann, Rock Rapids, Ia.; or to the auctioneer, J. E. Halsey, Box 1317, Des Moines, Ia., who may be reached sale day at the Spencer Livestock Sales Co. Pavilion, Spencer, Iowa.

RESERVATIONS—The Tangney Hotel in Spencer will be sale headquarters. Any late mail and buying orders can be addressed there to the Sale Manager. Visitors from a distance will also find first class motel accommodations in Spencer.

FOREWORD

This Shorthorn Dispersion presents the complete dispersion of 3 good Shorthorn herds all in one sale.

This sale presents the unusual opportunity to buyers to make their selections of real producing good Shorthorn females from 3 herds from which such females would not otherwise be for sale.

This sale offers the opportunity to establish and rebuild good Shorthorn herds.

This sale offers the opportunity for buyers either near or from a distance to buy one or a carload of good, well bred, useful Shorthorns that are in full production and for the most part sell in just good thrifty breeding condition.

Here is an opportunity to make many profitable investments.

The herd bulls are proven, the cows are producers and the calves at foot are really tops, many of which will make herd replacements and real 4-H club prospects.

HAROLD RHODES, SPENCER, IOWA, has bred top Shorthorns that have given a good account of themselves for many years. His herd selling consists of his herd bull, 7 cows with calves at foot and rebred, 8 bred cows and heifers and 2 open heifers. Their breeding and quality will suit critical buyers.

CLEM W. MURPHY, BLUE EARTH, MINNESOTA, established a Shorthorn herd 10 years ago with the purchase of 3 real top females in top sales and selecting a top herd bull. This foundation was multiplied into a uniform good producing herd. His herd selling consists of his herd bull, 11 cows with calves at foot and rebred, 15 bred cows and heifers and 1 open heifer. The uniformity of this herd will please many.

R. W. WALKER and son, CHARLES, GRAND MEADOW, MINN., have been well known in Shorthorn circles for many years. They have formerly produced many winners and sale tops in leading Iowa sales. Their policy has always been to strengthen their herd by the purchase of good herd bulls and the addition of good females. Their herd selling consists of their herd bull, 12 cows with calves at foot and rebred and 11 bred cows and heifers. This herd contains some show prospects and will speak for themselves sale day.

Buyers can well afford to travel any distance to this sale because here you will find real value for your money.

May we strongly urge you to be at SPENCER, IOWA, on JANUARY 11th.

**ALBERT J. HAMANN,
SALE MANAGER.**

THE HAROLD RHODES HERD

Due to a change in farming operations this fine group of Shorthorns is being dispersed. The following 18 lots, numbered 1 to 18 inclusive, constitute the entire herd.

Study the pedigrees, note the ages, calves at foot, and the long service dates for early calving on these females. They would be ideal to raise next year's 4-H calves from.

LEADER'S SENSATION—This 3-year-old proven sire in the Rhodes herd has sired excellent calves and sells. He is an intensely bred Royal Leader bull being a double great grandson of the All American favorite, Edellyn Royal Leader. The great Browndale Count is also the great grandsire of both his sire and dam. Therefore, this bull is bred to breed on. The two open heifers and the 7 calves at foot in this herd are sired by him and speak for themselves. The 15 females carry his service.

This lot sells unrecorded, however, she is eligible for registry and if the purchaser wishes, an application will be furnished.

FEMALE—Red calved Aug., 1956.

Sire, Dreadnaught Max. Dam, Carnation 13th.
Bred in August to Leader's Sensation.

THE CLEM W. MURPHY HERD

Due to lack of cattle facilities it was impossible to further carry on this herd that was established on a sound foundation.

The next 28 lots, numbered 19 to 46 inclusive, make up the entire herd selling without reservation.

Study the pedigree of each lot carefully. Note the cattle are nearly all young, the cows are regular producers and the calves good prospects. Many of the females will have good early calving dates.

THE H. W. WALKER & SON HERD

Reasons of health, hospitalization, surgery and scarcity of competent help has left no other alternative but to sell this entire group of fine Shorthorns.

The next 24 lots, numbered 47 to 70 inclusive, make up this herd in which every animal sells.

In studying the pedigrees of these 24 lots you will find well bred cattle of proven ancestry. Nearly all are young and in full production. They have quality and are good. The calves are real show prospects. Note the three-in-one combinations.

He is sired by a top grandson of the noted show and breeding bull, Edellyn Royal Leader 114th. His half brothers by the same sire have done well in top sales and 4-H shows. His dam is one of the good daughters of the International champion, Goldfinder's Champion. Several of his calves will sell at foot, and all the females will carry his service. Here is a good young bull for someone.
